

# 10kg Series 11 Heat Pump Dryer, White

Series 11 | Heat pump

White

Experience effortless drying with the 10kg Series 11 Heat Pump Dryer. Tailored care for up to 12 fibre types and 21 care results enable items from delicates to durables to be expertly dried. Combine with our Front Loader Washing Machine and Fabric Care Cabinet to create the ultimate fabric care solution.

- Designed to complement with a Front Loader Washing Machine and Fabric Care Cabinet
- Intuitive coloured touchscreen allows for side-by-side configuration with the washer

- TangleProtect minimises tangling and creasing for an even, effective dry
- A combination of humidity sensing, independent airflow, and heat pump control enables flexible garment care

### Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
